

All heaters have Quartz Tube elements and 3 prong cord set. Six models, at two voltages, provide a wide range of heating capacities from 500 to 5700 watts (1711 to 19,488 BTU/HR). Apply heat only where needed. Convenient ceiling chain mounting and cord set allow custom heating of only the areas being used. No need to waste energy heating the entire room or building.

APPLICATIONS

Designed for supplemental indoor heating in residential and commercial areas; Laundry rooms, Work shops, Toll booths, Garages, Assembly areas, Loading and Shipping docks and Well houses.

For residential and light commercial applications with gold anodized aluminum enclosure and reflector.

File # E21609

SELECTION CHART

CATALOG NUMBER	VOLTS	WATTS	REFLECTIVE ANGLE	DIMENSIONS			WT. lbs. (Kg)
